

MARVIN® - Mark administration made easy

Markets, marks, MARVIN®

MARVIN® gives you a clear overview and is easy to handle – right down to the final details of trademark administration. MARVIN is unique in that it provides a simple and intuitive solution for such complex topics as trademark protection, clashes and deadline monitoring.

Added value

MARVIN® helps you to make optimum use of your market potentials.

- Information is available more quickly. As a result, the use of paper files is reduced
- Trademark strategies can be developed more simply, used more quickly, and monitored more efficiently
- Process quality is improved, as MARVIN® provides the legal regulations

Technology

The technical features of MARVIN® are: performance, future-oriented architecture and high availability.

- Oracle Application Server 9i
- Oracle RDBMS 8.1.7
- Internet Explorer or Netscape Navigator as Intranet Clients

Service

Our many years of experience in the field of industrial property protection have shown us how important an integrated approach is.

- Our specialists are partners who, in addition to their IT expertise, also have a detailed knowledge of industrial property protection
- We provide comprehensive support and help you to find solutions to your industrial property protection problems: inventors' compensation, license or trademark administration – give us a call!
- Our experts, in close cooperation with our clients, always keep the forms, deadline regulations and due dates for fees in MARVIN® up to date

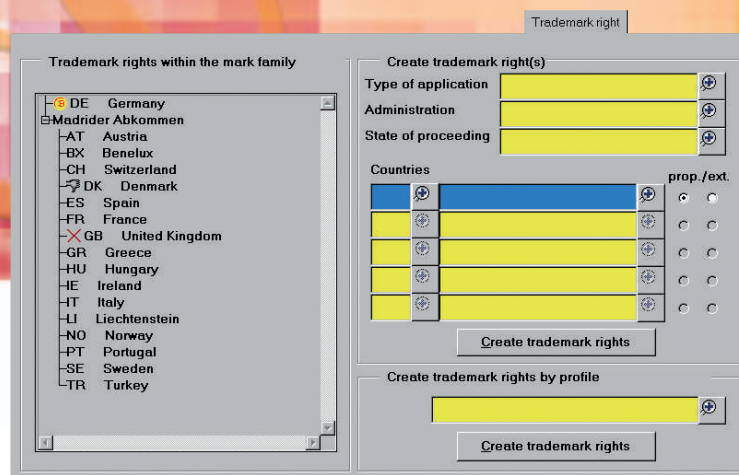

Advantages

The goal of MARVIN® is to support your individual administration processes and to take routine work off your hands.

- ✓ MARVIN® provides bibliographic data and a visual presentation of the mark and certificates
- ✓ Trademark law provisions and legal regulations are integrated and can be called up
- ✓ Clash management in MARVIN, with individualized deadlines and documents, helps you to control the clash successfully. The steps taken can be reproduced at a later date
- ✓ MARVIN® is closely linked to the trademark offices on the Internet
- ✓ MARVIN® contains the standard list of goods, and provides individual goods class profiles for your trademark registration strategies
- ✓ Due dates for fees are created automatically and updated continuously

The screenshot shows a software window titled "Trademark rights" with a sub-header "Trademark rights within the mark family". On the left, there is a tree view of countries: DE Germany, Madrider Abkommen, AT Austria, BX Benelux, CH Switzerland, DK Denmark, ES Spain, FR France, GB United Kingdom, GR Greece, HU Hungary, HE Ireland, IT Italy, LI Liechtenstein, NO Norway, PT Portugal, SE Sweden, and TR Turkey. On the right, there are several input fields and buttons. The "Create trademark right(s)" section includes fields for "Type of application", "Administration", and "State of proceeding", each with a search icon. Below this is a table for "Countries" with columns for "prop." and "ext.", and a "Create trademark rights" button. At the bottom, there is a "Create trademark rights by profile" section with a search icon and another "Create trademark rights" button.
